INTRODUCING THE ORCHID CIRCLE

A new community for patrons and donors choosing to support the Vallarta Botanical Gardens **at the highest level.**

**Advancing conservation, education
and biodiversity in Western Mexico.**

Special recognition, unique experiences, and opportunities to connect more deeply **with the Gardens' mission.**

We are delighted to introduce:

The Orchid Circle — a brand-new donor recognition program at the Vallarta Botanical Gardens.

Created to celebrate and inspire deeper philanthropic support, the Orchid Circle expands opportunities for those who love the Gardens to make a lasting and meaningful difference.

While our Membership program connects thousands of people to the beauty of the Gardens, **The Orchid Circle recognizes those who choose to go even further** — supporting conservation, education, and the continued growth of this extraordinary place.

The Orchid Circle recognition levels are inspired by remarkable Mexican orchids

Qualification for each level is based on annual philanthropic contributions.

LADY'S SLIPPER

Every **Orchid Circle** level makes a meaningful difference to the Gardens. With several levels of giving available, Patrons can choose the one that is right for them, each accompanied by a set of exclusive benefits in appreciation of their generosity.

All Patrons receive:

- **A personalized Orchid Circle Patron Card.**
